You will see the HR Print Technology™ logo next to some of the products in this catalog. These products contain a new, innovative ink/ink pad system. This system produces outstanding print quality never thought possible with a rubber stamp. Try our new and improved Ideal stamps with large, bold type, crisp thin type, or complex logos. A rubber stamp impression was always just a rubber stamp impression until HR Print Technology™.

IDEAL®

PREMIUM QUALITY SELF-INKING STAMPS

IDEAL Self-Inking Stamps

NEW!
See-Thru
Base
FOR PRECISE IMPRESSION ALIGNMENT

The Ideal self-inking stamps work and feel as great as they look. Their numerous patented features make them a pleasure to use. Just one impression and you will appreciate the ergonomic shape and heavy duty construction.

The IDEAL self-inking stamps feature precision components for a smooth, quiet action and many years of trouble free operation.

A full size visible label lets you choose the correct stamp every time. Make thousands of impressions without re-inking! Ideal self-inking stamps are an excellent choice for your high volume stamping needs. They have been mechanically tested to over one million impression cycles.

No other stamp looks like it! No other stamp works like it!

Impression Area: 1 1/2" x 3" (39mm x 77mm)

Patented Re-Inking System

Accurate re-inking is a snap with the Ideal re-inking system. No messy hands or blotchy impressions. Just add ink into the ports on top of the ink cartridge. The ink flows through our patented re-inking system and evenly distributes itself throughout the ink pad. In just minutes, the stamp is working like new.

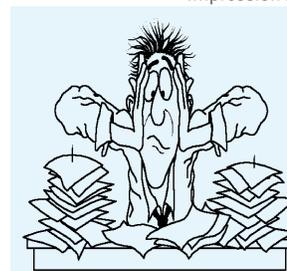

Patented Replacement Ink Cartridges

Replacement cartridges are available in various ink colors.

IDEAL Premium Quality Stamp Ink

Ideal stamp ink is formulated for clean, crisp, fast-drying impressions without bleeding or fading on most paper stocks. A selection of ink colors is available in 6cc, 2 oz, quart and gallon bottles.

IDEAL V34R
1.25" Diameter (ø 32mm)

Stacked date format provides a large date on a small die plate

Press the die plate release button to move the die plate away from the date bands

V34R

Vertical Format, Type Band, Die Plate Dater

The V34R is designed to fit a date and circular copy into a compact imprint area. The enclosed case protects your fingers from contacting the date bands and the extra large band adjustment wheels make changing the date easy. Deep molded type-band style date bands provide clean, sharp stamp impressions. The V34R die plate dater offers type band reliability with an easy date change mechanism. Just press the die plate release button to move the die plate away from the date bands, then turn the adjustment wheels. The V34R die plate locks the date bands in place to prevent accidental adjustment. This is a popular feature with financial institutions where date accuracy is a necessity.

D Series Date Stamps

The IDEAL date stamps are ergonomically designed to fit comfortably in your hand for effortless stamping. Deep molded bands provide clean, sharp stamp impressions. Oversized band adjustment wheels prevent your fingers from contacting the date/number bands and make date/number adjustment easy. The D Series stamps are an excellent choice for your high volume stamping needs.

5500 Series

Type Band Die Plate Daters

Just one impression and you will appreciate its ergonomic handle and heavy duty construction. The stamp's low center of gravity makes it well-balanced and comfortable to use. The enclosed case protects your fingers from contacting the date bands and the extra large band adjustment wheels make changing your dates easy. Deep molded type band style date bands provide clean, sharp stamp impressions. The 5500 die plate dater offers type band reliability with an easy date change mechanism. Just press the die plate release button to move the die plate away from the date bands, then turn the adjustment wheels. The 5500 die plate locks the date bands in place to prevent accidental adjustments. This is a popular feature with financial institutions where date accuracy is a necessity.

IDEAL 5500-C
2" x 2" (51mm x 51mm)

IDEAL 5500-B 2-Color Ink Pad

The Ideal die plate dater ink pad gives your 5500-B a 2-color imprint and also provides a convenient storage base. A rubber non-skid bottom keeps the ink pad in place on your desk.

Time & Date Stamps

The Ideal time and date stamps are available in two versions: a 12 hour and a 24 hour model. The large hour adjustment wheel prevents your fingers from contacting the inked surface of the stamp impression die. To change the time, just rotate the hour wheel. A positive "click" locking system prevents accidental adjustments.

IDEAL 4000-B 2-Color Ink Pad

The IDEAL die plate dater ink pad gives your 4000-B a 2-color imprint and also provides a convenient storage base. A rubber non-skid bottom keeps the ink pad in place on your desk.

The value priced 3000 flat band, die plate daters offer the same ergonomic handle as the more expensive IDEAL die plate daters.

N Series Number Stamps

The IDEAL number stamps are ergonomically designed to fit comfortably in your hand for effortless stamping. Deep molded bands provide clean, sharp stamp impressions. Oversized band adjustment wheels prevent your fingers from contacting the number bands and make number adjustment easy. The N Series stamps are an excellent choice for your high volume stamping needs.

IDEAL Rotating Stamp Racks

No more stamps cluttering your desk. No more confusion trying to find the right stamp. The Ideal rotating stamp racks are perfect storage for your rubber stamps and daters. They will keep your stamps clean, well organized and easily accessible. The Ideal rotating stamp racks feature a modern design and are made of high impact plastic on a heavy duty metal weighted base. The Ideal rotating stamp racks are available with either one or two tiers to hold up to 18 stamps.

ULTIMARK®

PREMIUM QUALITY PRE-INKED STAMPS

Just press and Print! It's that simple with Ultimark pre-inked stamps. You don't need a separate stamp pad because the ink is in the stamp. You'll get clean, crisp impressions every time you use your Ultimark pre-inked stamp. After thousands of impressions, just re-ink your stamp for thousands more.

A large index area on the front of the stamp guarantees you'll choose the correct stamp each time.

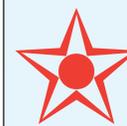

The ergonomically engineered handle is designed to make Ultimark pre-inked stamps comfortable to use.

Each Ultimark pre-inked stamp has a dust cover to protect the stamp die and keep ink from coming in contact with your desk or other surfaces when the stamp is not in use.

Microscopic ink cells hold enough ink for thousands of impressions.

Heavy duty, flat die plates ensure even, consistent impressions.

Equipment

The world's most popular seal presses offer unprecedented quality and durability. The re-designed Ideal Model M and Ideal No.1 Pocket models now have greater strength and leverage. These seal presses are a favorite with notaries, corporations, engineers and government officials around the world. The Deluxe Series features a tough, baked-on, epoxy coated black finish that is both durable and attractive.

IDEAL MODEL No. 1

This model has become a favorite because of its compact size and high leverage which gives you clean, crisp impressions on most paper stocks.

No. 1/No. 1-SCG 1 5/8" dia. (ø41mm)

No. 1R/No. 1R -SCG 1" x 2" (25mm x 51mm)

"SCG" in the product number denotes Soft Cushion Grip.

SHOWN WITH OPTIONAL SOFT GRIP CUSHION!*

SHOWN WITH OPTIONAL SOFT GRIP CUSHION!*

IDEAL Model M

The larger size, heavy duty Model M offers greater leverage, longer paper insertion and more choices of interchangeable die holders. The die holders used in this model are interchangeable with the Model M Desk Seal.

M1/M1-SCG 1 5/8" dia. (ø41mm) **M1R/M1R-SCG** 1" x 2" (25mm x 51mm)

M11/2/M11/2D-SCG 1 3/4" dia. (ø44mm) **M2/M2-SCG** 2" dia. (ø51mm)

"SCG" in the product number denotes Soft Cushion Grip.

*IDEAL' s optional, resilient foam cushion grip provides a comfortable non-slip surface.

IDEAL Model M Desk

This model has been engineered to produce higher pressure with minimal effort. If you'll be making a lot of impressions, you'll appreciate its ease of use. The die holders used in this model are interchangeable with the Model M pocket seals. Buy an extra frame and you can use your desk model in your office and the same die holder in the Model M pocket seal when you're away.

M1 Desk 1 5/8" dia. (41mm) **M1R Desk** 1" x 2" (25mm x 51mm)

M11/2 Desk 1 3/4" dia. (ø44mm) **M2 Desk** 2" dia. (ø51mm)

A CLASSIC WAY TO MAKE A GREAT IMPRESSION

These elegant, precision made cast desk embossers make a fine addition to any desk or office. The embossers are metal cast, then individually polished by hand to create a smooth, beautiful surface. They are available with a baked-on black epoxy finish, a plated 24K lustrous gold flashed finish, or a lustrous chrome plated finish.

The die holders are removable and interchangeable, and are available in standard 1 5/8" (41mm) diameter and 01" x 2" (25mm x 51mm) rectangular die sizes.

Great for executive gifts, notaries, lawyers, personal embossers, names and addresses and much more. A perfect gift for the person who has everything!
