## About us

### Global Player

We are an International company with a sales presence in more than 120 countries world-wide. We are a major player in the stamp industry and have achieved an outstanding position in the market.

### Innovation & Design

With our innovative ideas, modern design and product enhancements, we constantly strive to improve the quality and durability of our products. The increased range of applications enhances the image of the range.

### Quality

With our Austrian and Czech based production facility we can ensure the highest standard of European produced products. The ISO 9001 certification means the best quality systems and procedures are in place.

### Environmental Management

Environmental responsibility is a central philosophy in our company. Our ecological orientation reflects in an ISO 14001/2004 certificate for Environmental Management. We endeavour to make the biggest possible contribution to protecting and preserving our environment. Several years ago we included this topic already in our "COLOP – Mission" and developed into a comprehensive and sustainable environmental concept.

### High Tech Production

Fully automated production and assembling of the main product lines assures excellent quality as well as providing the capacity for further expansion and securing the site in the long term. The production processes are set up with the environment in mind. We base our responsibility for the environment on the following philosophy in order to avoid waste:

Avoidance **over** reduction **over** utilization **over** rejection

# PRINTED LINE

Printer Line Mini Dater S200 Line

## The largest range of self-inking stamps

The Printer Line offers a complete choice of sizes from small and handy up to large and generous - the largest range of formats up to round, oval and even triangle.

Index card shows the imprint protected by an index window

Printer Standard: The X-Large image window provides additional space for branding and personalisation

Replaceable ink pad for clean and clear imprints - easy to change

Various models are available as date stamps or even numbering stamps

Green Line

COLOP is a certified ISO 14001 Environmental Management company

## COLOP® – we take responsibility

The Green Line is a unique line of stamps. The products are made predominantly from sustaining and recycled materials. A minimum of between 75% and 80 % recycled plastic is used. COLOP buys in these materials and then re-uses them.

In the course of the ISO 14001 certification the COLOP Green line was audited

Wood (used for the Classic Line handles) is renewable as well as a climate neutral raw material  
FSC certified (Forest Stewardship Council)

The packaging materials are made from 100% unbleached recycled cardboard
